

Renfrewshire Council recommend Camelot

I would highly recommend Camelot to other property owners

"Camelot Secured a tenancy on the 1st August 2013. I am very pleased with the Tenant and with the service that Camelot gave to matching the right tenant to my property. I was very worried about letting my property but Camelot put my mind at rest and I felt happy to hand my property over and they have proven to be all they said, and more. I Would highly recommend Camelot to other property owners."

Project:

Unoccupied residential property pending regeneration

Problems

- Property was at high security risk
- Property owner needed a flexible, low cost service
- Required a solution to effectively manage the threat of blight, vandalism and theft

The Camelot Solution

- Property Guardians installed to secure property and report any emergency issues
- Key management and access control provided (ISO 9001 BS7984 accredited for key holding)
- Remedial maintenance works carried out

Results

- Vast reduction in criminal activity & positive impact on surrounding community
- Low cost, effective security solution
- Property ready for timely hand back (4 weeks notice)
