

# Great Ormond Street choose Camelot

## A most successful partnership

*"It has been a most successful partnership with Camelot over the years and I thank you on behalf of the Charity for your security and attendance at the property."*

Graham Garbis, Deputy Director of Property and Redevelopment | Great Ormond Street Hospital Children's Charity

### Project:

Great Ormond Street Hospital Children's Charity vacant office building

### Problems:

- Traditional security proved to be inefficient and too expensive
- The vacant building was deteriorating and losing value
- Client needs the building to remain clean, safe and habitable during vacancy

### The Camelot Solution

- Placement of 14 carefully vetted Property Guardians to secure building
- Remedial maintenance works carried out when requested by client
- Camelot provide regular inspections of the property

### Results:

- Cost effective & efficient property management solution
- Properties secured from illegal occupation
- All maintenance and emergency incidents reported and followed up meaning value of site is retained
