

Northampton Borough Council choose Camelot

Maintaining Heritage Property

Northampton Council have put in place a two method approach to preserving the Abbey with Camelot protecting by occupation and by working in conjunction with 'The Friends of Delapre Abbey' (FoDA). FoDA, a charity helping to restore and renovate the Abbey, run a programme of community based educational, historical and leisure events throughout the year. This helps maintain a strong community spirit and keeps the Abbey from falling in to a state of disrepair and dilapidation.

- Project:** Delapre Abbey – 2004 to present
- Problems:**
- Repeated acts of vandalism, windows broken and graffiti
 - Trespassing on grounds
 - Limited budget for security and some modern security measures not permitted
- The Camelot Solution:**
- 4 Guardians strategically placed in main house and out buildings
 - Rooms of high historic value locked off and regularly inspected
 - Occupation maintains spirit of property prior to future use
- Results:**
- Cost effective & efficient property management
 - Heritage of property respected & value maintained
 - Restored sense of community in local area
